

Nurture Class

Polite Requests:

- Please send your child to school with a bag
- Please send coats in with your child when it is cold as we will still be using the outside areas
- Please send in wellies where possible, or send a pair in to be kept at school as we will be going on walks and using the outdoor areas throughout the term.
- Please send in Sun hats and Cream if it is warm.

Many Thanks

Dear Parents/Carers,

Welcome to the Nurture Class. I would like to introduce myself, Mrs Kirsty Hollins, as your child's class teacher. Working alongside me this year is Miss Walklett. Here is some information which you may find useful for the Autumn Term. We are looking forward to working with our new class and families over the year.

Curriculum

During this term our main focus will be establishing relationships with adults and children in the class and learning the class routines. As part of our Curriculum your child will access a minimum of 3 Nurture sessions per week. Our Nurture sessions develop skills such as participating with others, building trust with others, building self-esteem, value their achievements and build confidence to try new activities.

English and Maths will be taught in personalised Learning groups

Our Topics for this half term are:

PSHE: Be yourself, **Computing:** Coding, **Science:** Animals including Humans **Music:** In the Groove, **Art:** Portraits, **RE:** Christianity, **Geography:** Wonderful Weather

Notes:

I will be using class Dojo as a means of communication, you can download the app on your phone or use it via a computer/laptop and instantly send messages to staff in class and we will respond quickly. We will add pictures of activities that we have been completing in class and our outings. I will send you each an invite to join.

If you would like to speak to me, please feel free to call the school on 01782 550202.

Physical Education:

- Our PE sessions will be on a Monday and Wednesday. Please send in appropriate footwear on these days. School will provide the PE kit. Our topics this half term are Health related fitness and Yoga.
