

Diary Dates

End of term

Friday 8th April

**Mr Sheldon, Mr Corden & Mrs
Eyre's Class**

Physical Education

In our class we have P.E every Tuesday and Friday. Tuesday we the children will be taking part in Hockey sessions led by Mr Greenwood, a qualified hockey coach.

We value the importance of moving our bodies and exercise on both our physical and mental health. We will also be going over to the Health Related Fitness Zone on a Monday to train on the rowers and cardio-walls, as well as completing some active breaks.

Dear Parents and Carers,

I hope all had a safe and restful half-term. I certainly enjoyed spending time with the family.

Maths and English

Spring Term continues with the change to our timetable, to allow personalised learning groups for Maths. The majority of the class will still have myself as their Maths teacher but a few will be taught in a separate group depending on their ability. Feedback has been positive, and as always, every decision made is for the benefit of the children. Please contact myself if you have any questions around this. English will continue to follow the personalised learning groups as before.

Science and PSHE

In Science will be looking at living things and their habitats. We will look to do Science every Wednesday. In PSHE we are looking at what it means to be 'Living in the Wider World.' Our theme is 'Money Matters' and we will look to encourage children to think about where money comes from and how it can be used. Children will discuss how we spend money, why people might need to borrow money and the consequences of this. Children will begin to explore how we can prioritise what we spend money on and what choices we have, including considering the impact of ethical spending. Through this unit of learning, children will also consider what influences their spending and how we can keep track of what we spend.

Other Information.

Mr Dreher will continue to teach the class every Thursday. He will teach the children Topic - looking at Mountain Environment and will also provide children with an outdoor learning/ play offer.

On the 4th April I have organised a 'Well-being day' for all the school. We have the Outdoor Education Company coming to school to provide fun and engaging sessions that include Climbing, Laser tag, Fencing and Aero-ball. They will bring all the equipment on-site and children will hopefully have the opportunity to connect to other children outside their usual classes to help embed those key life skills.

Class Dojo

Please check Class Dojo regularly - I will post generic information on our class page. Mr Corden inputs all the positive scores throughout the day - you will be able to see them on the Class Dojo app. Please feel free to contact myself anytime by sending me a message. Alternatively, contact the school on 01782 550202 and ask to speak to myself directly.
